EASY FOR BOSTON.

Sullivan Again Made a Faiture in His Attempt to Pitch Ball.

Boston, Aug., 4 .- The home team won today's game in a common canter. Mike Sullivan was in the box for the Senators, and the Bostons not only found his curves easily, but if they waited long enough, Mike was sure to give them a base on balls.

The "Cham's" batted well, every man in the club securing a hit or two, while Duffy, McCarthy, and Long took three each.

The visitors put up a great article of ball in the field, but "Happy" Jack's curves proved took much for them and in all they made only eight hits, Attendance 2,339. The

DOWNFALL OF THE FAVORITES. Talent at Brighton Beach Made but Little

Success Picking Winners. New York, Aug. 4.—Those who played the favorites started off well to-day at Brighton Beach, for they plunged on Dr. Garnett, who won without trying. After the scratching was over in the second race four were left to go, and George Dixon was an odds-on choice The talent did not like him at the price and are talent did not like him at the price and settled on Milan to win, who was backed from 6 to 1 to 11 to 5. Golden Valley, who had been left out of their calculations, won easily, while George Dixon could not get up a respectable gallop, and Milan was last.

Then came the third race, in which Holloway was a strong tip with True Penny as the favorite. Holloway jumped into the lead, but

way was a strong tip with True Fenny as the favorite. Holloway jumped into the lead, but First Light came with a rush and won at the end, the favorite being fourth. In the next race came another downfall for the favorite, for Sirocco, at 2 to 5, could not get near to Stonellie in the stretch, who won pulled up, with Sirocco second and Avon third.

In the fifth race the favorite again went down subspace in the stretch was a very allowed.

In the lith race the lavorite again went down, although it was a very close call, Rosa H. only winning by a nose from the favorite, My Gyps. St. Anthony was the favorite at odds on for the third time at this meeting in the steeplechase, and he stopped the upsets by winning. Results:

The old approaches have been torn away and new stairways added, and an illuminated sign, fronting the Avenue, will hereafter adorn the building. From the appearance of things about the Bijou it is safe to say that Manager Butler will keep a strictly first-class place of

Ordway Rifles Going Into Camp

The Ordway Rifles will go into camp at Sea Isle City, N. J., on Saturday next, and active preparations for their departure will begin to-morrow. The Rifles will be accompanied by a number of the members of the Morton Cadets, who desire to participate in the rifle practice, which will occupy much of the time of the Rifles while in camp. Daily drills will be held, and all forms of active service will be gone through, but the rifle practice will form the principal portion of service of the members while in camp. The Morton Cadeta have received an invitation to join the Rifles during their stay in camp and have the mat-ter under consideration, but have not yet de-cided about accepting the invitation as a body.

Trolley Line Across Long Bridge. It was stated at the Capitol yesterday by a a Senator connected with the District Committee that the Mount Vernon electric road had definitely secured the privilege of running its cars across Long Bridge, by a trolley system, and that it would enter the city that way, connecting by transfer with the Belt Line. The continuation of the city line of the Mount Vernon road will probably not be begun for the present as it would require need-less outlay owing to the necessity of using a conduit system. The company is anxious to begin work, and when the bill is passed the construction will at once be comp

### **FAVORITES DOWN THE LINE**

All Pive Races at Alexander Island Won by Pirst Choices.

PIKERS HAD BUT LITTLE SHOW

Books Did Not Lose to Any Extent Owing to the Fact That Every Winner Was at Less Than Even Money-Paucity of Odds Stopped the Small Betters.

Yesterday was a great day for favorites at the Alexander Island course, and strange to to say the public failed to take advantage of the opportunity to profit. This was principally due to the fact that the prices against winners were so short that the average bettor refused to give odds, and as a result the books did not have to pay out what might have been expected. The attendance was good, but the small quotations prevented the usual brisk speculation.

In the opening event Devisee was backed down from 9 to 5 to 3 to 5, every one seeming anxious to get on, no matter at what price. Pottowattomie ruled second choice, but he was only gingerly touched, there being a well-defined rumor that the stable people fancied Devisee. After a half hours' de ple fancied Devisee. After a half hours' de-lay the field was dispatched in fair order, with Graceful showing the way to the back-stretch, when Hollywood and Senator drew out, with Pevisee close up. Senator should have won, but Murphy once more failed at the critical moment to help his mount and Devisee won on the post by a head, Senator being the same distance before Hollywood. In the second race Miss Castles behaved hadly at the post and delayed the start. When the flag fell, Turco and Rondieu raced out in front, the former drawing away in the

out in front, the former drawing away in the out in front, the former drawing away in the stretch and winning easily, while Monte Carlo beat Rondieu a half length for second. Somora's mud qualities were so well known that she was made a 2 to 5 choice for the third, with Elmstone a weak kind of second through the control of the control o

against Lyceum in the fourth, while Detroit was somewhat fanded at the close. The race was a duel between Lyceum and Johnny, the first named winning in handy fashion by two lengths. Johnny beat Detroit twelve lengths for second. The fifth race produced a close flaish between Sandstone, the 1 to 2 choice, and Doc Birch, the former winning by a head. With better handling Doc Birch would have won, Summaries:

All five races were won by the favorites. Parson could not help Doc Birch a little oklyn showed the strongest disinclination to the heavy going. Murphy rode the weakest kind of a finish on Senator in the first race.

The two-year-old Agitation was reported to have died yesterday morning. Neither Pottowattomie nor Foster evinced uch disposition to try in the opening event. Sonora fairly reveled in the mud and ran the five furlongs in the fast time of 1:01%.

Miss Castles was very unruly at the post and eventually got away last, thereby settling all chances of winning. The Clover stable will likely give Grand Prix a rest, as the horse has lately been hav-ing too much of it.

TICKETS MAY BE THROWN OUT.

Missouri, Kansas and Texas Road Has Made a Low Blanker Rate.

CHICAGO, Aug. 4 - It is probable the Northern and Eastern connections of the Missouri, Kansas and Texas road will throw out its tickets issued to the Knights of Pythias enthe desired to the English of Pyrnias en-campment at Washington. It has announced a blanket rate of \$25 from Texas points to Washington, either by way of Cheego or St. Louis. This is away below the agreed tariffs of the Central Traffic and the Western Passenger Associations, and they decided that they will not accept any tickets sold under the

agreed rate.

The Missouri, Kansas and Texas has been asked to withdraw its rate, and has replied that it will be very glad to do so if the associations can induce other Texas roads which go via Memphis to do the same. It was go via Memphis to do the same, it was forced, it says, to make the \$25 rate because of competition by way of Memphis. This ex-planation has not, however, proved alto-gether satisfactory to the association, and they are now considering whether or not to throw out all the tickets of the offending line which are issued for the encampment at

Washington.

No action has as yet been taken by the Western roads to meet the competition of the Union Pacific on east bound California business, but some action will probably be taken on the return from New York of Chairman Caldwell, of the Western Passenger Associa-tion, who has been in the East for some time.

PROTECTION OR NO SERVICE Echoes From

National Sanitary Garbage Company's Scows Burned.

COMPLAINT TO COMMISSIONERS

Devising Means to Send the Roslyn Commonwealers to Their Homes-Mooted Change in Building Regulations Looking to Fireproof Warehouses-Other District Matters.

The National Sanitary Company is now get ting it from all sides. It has even caused Alexandrians to raise their voices and proelaim against it.

Mayor Strauss, of that city, has written to the Commissioners telling them that his constituents will not endure any longer the dumping of garbage from seows into the river and that something must be done at once to stop the nuisance thus created. This matter could be readily corrected, but the Alexandrians have gone a step further and set fire to one of the scows used in the trans portation of the garbage down the river. This latter fact was communicated to the Commis sioners yesterday by General Manager S. P. Bayly, of the National Sanitary Company.

He says: "Please find herewith inclosed a communication from Capt. Frank Taylor, from whom we hire scows to transport the garbage collected in this city beyond the limits of the Dis trict as required by the terms of our contract. We have made every effort to secure points for the delivery of this material on the Maryland and Virginia shores, but the State officials have been protesting vigorously against it for some time and they have now resorted to the destruction of our scows to accomplish their object. In view of this condition of affairs we must appeal to the honorable Board of Commissioners to know what disposition is to be made of the garbage and dead animals collected in this city, amounting at the present time to from 89 to 100 tons daily." Capt. Frank Taylor's letter, addressed to and mentioned by Manager Bayly, is as fol-

lows:
"I have to bring to your attention the fact that one of my seows, by your direction, was anchored in Hunting Creek, on the Virginia anchored in Hunting Greek, on the Virginia side of the Potomac, and that the health officer of Alexandria caused said scow to be set on fire, using coaloil for the purpose, and having falled in his efforts to burn my property, he ordered said scow sunk, which was done. ordered said sow sunk, which was done. Your company hires my seems for transportation of garbage from this city and I must look to you to protect them when they are an-horsed either on the Virginia or Maryland shore. I am threatened with arrest and my property is seeing destroyed by State officials and I must have some assurance of protection. from your company or from the District Com-missioners, or I will be compelled to give up

Manager Bayly also wrote the Commisconers that he had been instructed by the eccivers of his company to say that the com-eny will furnish a Sunday garbage service, but that they do so under protest and do not but that they do so under protest and do not wish to be thereby understood as waiving any rights they may have to compensation for the extra work and increased cost thus imposed upon the company by reason of said increased garbage service which it is conin the contract of January 21, 1892. It is stated that the extra service of removing gar-bage from hotels, flats, boarding-houses, etc., will entail an additional cost to the company of \$30 per Sunday, as the same is now estiletters were received, and those that were re-

ANXIOUS TO SEND INDUSTRIALS AWAY. The Commissioners are really anxious to help the citizens to send the industrial army home, but they are at a loss how to proceed about doing it. It has been suggested that Gen. Carnahan will arrive in Washington on August 21 or 22 and remain until the enampinent is over. He has sent word to the focal committee to provide quarters in camp for idensificant forty-four members of his staff.

The committee on camp and samp grounds, Mr. Lawrence Gardner, chairman, will establish headquarters on the camp grounds in two or three days and remain until the encampment begins, when their tent will become a charge upon the District. It is probable that next week a way may be found to solve the problem. The Commissioners have been in correspondence with the camp the district of the energency fund.
